

Teacher's Day

Celebrated by

SACRED HEART DAY HIGH SCHOOL

Every year India celebrates Teachers' Day on September 5 to mark the birth anniversary of former Indian President, philosopher and scholar Dr Sarvepalli Radhakrishnan. The day is observed to pay respect and recognise the contribution of teachers to society.

Since 1962, Teachers' Day in India is celebrated a month ahead of the global date on October 5 to honour the country's second President Sarvepalli Radhakrishnan, who was born on September 5, 1888.

Dr Radhakrishnan took office in 1962. When his students sought his permission to celebrate September 5 as a special day, Dr Radhakrishnan instead asked them to observe September 5th as Teachers' Day to recognize the contribution of teachers to the society.

Virtual celebrations have become the new normal since the global COVID-19 outbreak almost one and half years back.

The Teachers' Day celebration in 2021 is restricted to virtual gatherings as schools and colleges continue to remain operative with restricted capacity in most parts of India.

We are celebrating Teacher's Day this year over online platform.

Hope to meet all our students in School premises very soon.
